CHURCH OF THE ANCIENT MYSTERIES

It is a condition of Membership in the Church of the Ancient Mysteries that prospective members agree to the following Code of Ethics:

I (full name)

of (address)

agree to uphold the following principles:

1. Love and kinship with Nature, participation in the cosmic Dance of Goddess and God, through communion with Nature's cycles; honouring the Divinity of both Masculine and Feminine on every level.
2. Ethic of "Do what ye will, but harm none." Each individual takes personal responsibility for unfolding their true Divine Nature, their "power from within", which is naturally in harmony with Greater Nature, and never needs to exert "power over".
3. Absolute observance of the Law of Silence or Secrecy (unless with express permission) regarding (a) the identity and privacy of fellow Members and other practitioners of the Mysteries of the Old Religion; (b) the details of the Natural Magick & Divinity Training course-work and any Church of the Ancient Mysteries Ritual practice, except with fellow participants.
4. The autonomy and sovereignty of each individual, coven, lodge or grove shall be respected.
5. The goals of spiritual and physical wellbeing, healing and life-enhancement, honouring the divinity and sacredness of Nature's ecology, both human and non-human; and tolerance of the beliefs of others.
6. Divinity is immanent in all Nature and Creation, therefore infinite power, freedom and also self-determination and self-responsibility is attainable by those who unfold themselves into the Divinity of their true Nature. "There is no part of us which is not of the Gods".
